Discussion was had on the process that was set up regarding revenues for the Industrial Park.

He shared a report from the meeting and data included in it related to site visits throughout the county and operations and activities of the EDC. He also invited Beth Hannam to come to a future session. Request from the Land Bank for $2,804.77 in additional funding for the Belting Property was discussed. The Commissioners appreciate the work of the Land Bank, but asked the Administrator to clarify some details before making a final decision.			
	Resident Linda Knudsen spoke to the Commissioners regarding the lack of communication in the county and the difficulty for residents to get proper information on issues that impact them. Commissioner Zimmerman responded that each township/municipality schedules and manages their own schedule and Commissioners hope that they are reaching out to their residents to inform them of all that is going on in their communities. Ms. Knudsen commented that it is difficult to obtain meeting minutes and agendas countywide due to the lack of print media and there is a lack of understanding in how local government works. Commissioner Smith stated that he believes one of the biggest losses to the community is the "loss of a vibrant print newspaper." Ms. Knudsen questioned Regional Planning and Commissioners explained when the group meets and what its function in the community is. Ms. Knudesen questioned the process that Commissioners follow to post minutes and agendas and it was explained how to find them on the county website and the timeline for posting them.
