

**SCEMS is one of Ohio's premiere EMS systems, providing aggressive care with cutting edge technology.**

**Sandusky County EMS** (SCEMS) is an emergency only, county-wide pre-hospital care service that covers an area of approximately 400 sq. miles (60k residents). The county is primarily rural but does contain several cities; the largest of which is Fremont (population 17k). SCEMS responds to approximately five thousand emergency calls per year and provides standby coverage for a variety of events and incidents. Coverage is provided from four stations housing four double paramedic "life squad" ambulances. These primary life squads are on duty 24 hrs. a day, 365 days a year, with crews working A,B,C shifts (24hrs on, 48hrs off). In addition to these life squads, SCEMS also staffs an ALS supervisor vehicle on a daily basis and has a variety of equipment for special circumstances including a bariatric unit, a transport capable ATV and a mass casualty and rehab trailer.

**Equipment and Benefits:** Each employee is provided enough CEUs to be eligible for National and State Certification renewal. All required uniforms and gear are provided to each employee, including personal protective equipment for safety during motor vehicle accident and other hazardous responses. SCEMS utilizes state-of-the-art medical equipment and practices including:

- Zoll X Series Monitors
- Zoll Autopulse Mechanical CPR
- EZ IO Drills
- Power Cots with Power Load
- Hover Mat and MegaMover bariatric devices
- Active, hands-on Medical Direction, who is part of a regional consortium responsible for progressive, evidence based protocols/guidelines
- Ability to transmit 12 Lead EKGs directly to hospitals for the purpose of activating a cardiac cath lab
- Electronic PCR
- Transports to over ten Regional Hospitals based on patient condition and preference.

**REQUIREMENTS:** State of Ohio EMT-Paramedic Certification, Advanced Cardiac Life Support Certification, Cardiopulmonary Resuscitation Certification, and a valid Ohio driver's license with an acceptable driving record.
