PERSONNEL POLICY AND PROCEDURE MANUAL**

GARNISHMENTS

**SECTION 5.15
PAGE 1 OF 1**

SCAA are required to accept garnishments against employees upon proper presentation of a court order. However, the County encourages employees to act as quickly as possible to relieve the County of this administrative burden. Repeated garnishments on the wages of an employee can result in disciplinary action. The SCAA have established that more than one (1) garnishment is excessive. However, employees who are able to show an honest, sincere effort to correct their financial problems will be favorably viewed.
