Yes. Valid photo identification is required to vote early, in-person.

How do I change my party affiliation?

During a Primary Election. Primary Elections are held only when there is more than one candidate seeking a partisan seat (Democrat, Libertarian or Republican). Primary Elections are always held for Presidential Elections and Gubernatorial Elections, and sometimes Municipal Elections. When you ask for a particular ballot style (ie: Democrat, Libertarian or Republican), you will be voting only for candidates in that party. If you choose to be non-affiliated with a political party, you have the option to vote an 'Issues Only' ballot (if there are issues in your precinct for that election). By voting an 'Issues Only' ballot, you will not have any candidates listed on your ballot.

Per the Ohio Secretary of State:

DETERMINING PARTY AFFILIATION An elector is considered to be a member of a political party if they voted in that party's primary election within the preceding two calendar years, or if they did not vote in any other party's primary election within the preceding two calendar years. Each board of elections must enter voting history and update party affiliation following each primary election.

During a General Election (November), everyone votes for all candidates / parties that are listed on the ballot, as well as any issues to be voted on. Essentially everyone residing in a particular district will be voting the same ballot.
